Topic: Recent Trends in Climate Change Litigation: A comparative law perspective?

Dr. BARBARA POZZO

Full Professor of Comparative Law

Director of the Department of Law, Economics and Cultures

Università degli Studi dell'Insubria – Como

Abstract:

Though initiated in the United States, Climate change litigation is spreading around the world, attracting the interest of comparative lawyers. The paper aims at investigating the origin and the reasons of its fortunes and misfortunes, the different approaches and its potential. A particular attention will be devoted to legal transplants in this particular field, underlying the import of comparative law as a tool of legal analysis
